PURPOSE OF MEET: To qualify six boys in each event for competition in the semi-final meet to be held Friday night, May 22, at Compton High School. The CHAMPIONSHIP MEET will be held Friday night, May 29, at Cerritos College.

TRACK EVENTS: There will be two or three heats in each event on the track. Where there are two heats, the boys placing first, second, and third in each heat will qualify for the semi-finals. Where there are three heats, boys placing first and second will qualify for the semi-finals.

FIELD EVENTS: As soon as the number of contestants in the High Jump and Pole Vault has been reduced to 6, all competition should stop. However, those boys whose past performances indicate they may be able to establish new CIF records will be given the opportunity to try for new records, provided this activity does not delay running the meet. In the Broad Jump and Shot Put, each boy will be given four trials, and the 6 best boys will be qualified for May 22nd. Competition will be continued until there are but six contestants left in each event.

The starting height in the Pole Vault will be Class A 12 ft, Class B 11 ft. 6 in., and Class C 11 ft. The starting height in the High Jump will be Class A 5 ft. 6 in., Class B 5 ft. 4 in., and Class C 5 ft. 2 in. This program lists competitors in order of competition.
